

Agency Briefing for IT Security/Cybersecurity Hiring Officials

Federal Cyber Service: Scholarship For Service (SFS)

The SFS program is co-sponsored by the National Science Foundation and the Department of Homeland Security to support highly qualified future Federal information assurance (IA) professionals. More than **100 SFS scholars become available** for fulltime placement and internships each year! More than 1000 SFS scholars have already been placed! Come learn how your agency can hire these highly talented scholars.
